

Wood burning heater Harvia 36 Duo steel

WKPR36DUOS

Harvia Pro 36 DUO - the fire behind the glass hatch of the wood-burning heater creates the atmosphere of the fireplace to a room next to the sauna and allows you to heat the sauna from outside. Harvia Pro 36 DUO is the source of strong steam in large saunas. The heater's stone capacity ensures enjoyable sauna experience and a hot sauna in a short time. The model has adjustable feet for easy installation, which makes it easy to adjust the height of the chimney opening to the right height. The heater can be equipped with a separate chimney model water tank. The outer shell of the heater is made of stainless steel. Harvia DUO heaters allows more freedom when deciding sauna bench solutions. Water heating can be done conveniently with a separately sold water tank that can be mounted on the chimney.

Advantages

- Harvia Pro 36 DUO woodburning heater with a large glass hatch for medium-sized saunas with a wall embedded glass hatch
- The stone capacity ensures a quickly heating and hot sauna
- Adding firewood from outside the sauna is easy and keeps the sauna room clean
- Convenient removal of ashes from outside the sauna
- Pipe connection (115 mm) on top of the stove

Features

Main material : Steel

H x W x D : 1040.0 x 510.0 x 790.0 mm

Net weight (kg) : 80.0

Stone amount (kg) : 60.0
